[Spice Fine Indian Cuisine](#) seeks to explore what Indian food and culture have done for centuries—take the best from outside influences and create something new, but distinctly Indian. Indian cuisine has been influenced over the centuries by a host of cultures including Persian, Chinese, Portuguese and British. Indian chefs and home cooks have a long history of taking outside flavors and cooking techniques, and combining them with their native spices. India is a vast country and very diverse. We designed our menu to reflect this diversity, and then to take it a step further by adding our own Western-influenced dishes.
