Shanta spine hospital is a world-classF specialized hospital situated in the heart of Nagpur offering a completely holistic approach to the management of the spinal problem. We cover the full gamut of spinal surgery from surgery to rehabilitation. [Shanta spine](#) hospital was started with the sole purpose of providing the highest level of patient care and satisfaction related to spinal disorders.

We combine wisdom and formidable experience with state of the art technology and evidence-driven therapies. We aim to provide safe, high quality, cost-effective operative and nonoperative management of spinal disorders.

Our commitment to curing and care begins when the patients walk in and continue until they fully recover. We provide a complete clinical evaluation of patients with spinal disorders and with advanced modern equipment provide relief with required minimal invasive orthopaedic as well as neurosurgical spine surgeries. With in-house rehabilitation and physiotherapy set up, Shanta spine hospital is at the forefront of the next generation of the hospital in the field of spinal disorders.

We provide our employees with world-class a facility which is an ideal nurturing ground for professional excellence. Senior professionals lend a guiding hand which makes teamwork here a lot more enriching and fun. An eclectic mix of people from different regions of the country and varied cultures combine here to make a colourful and vibrant workforce. At Shanta Spine, every employee is assured of an invigorating work atmosphere which translates to better productivity and leads to growth.

If you think you have it in you to be a part of a vibrant and talented team, we invite you to be a part of Shanta Spine Hospitals. A work environment that stimulates personal and professional growth is

guaranteed. Be a part of our dynamic workforce and touch the lives of hundreds of people in your own unique way. We are looking for someone who shows dedication and honesty in their work. Our main aim is to give a new and good life for our patients.
